Modeltex - - 3 1-2 Thread

4503—The news is spreading — smart women everywhere are talking about "Modeltex". How lovely they are and how well they wear. Full fashioned, clear, flawless, Ringfree with smart french heels, fine seams and picot tops. With the additional point that Modeltex has a special kind of toe, woven into the sides of each toe of these beautiful stockings is some open work, this allows for wider stretch in the toe and consequently there is less wear. It is particularly nice for summer time as it gives extra ventilation.

Sizes 8½ to 10½

Color: Sunni Beige, Plaza Beige, Entre Nous, Copperblush, French Mist.

STRETCHNEE

Something New in hosiery!

4504—We are able to offer you for the first time a real stretchnee stocking. If you burst your stockings in the upper leg and knee then we suggest you try Stretchnee. It has additional resilience widthwise which reduces the pull lengthwise under the normal stress and strain to which a stocking is subjected through out the day, consequently there is less strain on the stockings and longer wear is obtained.

Stretchnee is a four thread chiffon, a practical sheer weight. Regular length, double heel and toe insuring longer wear.

Colors: Plaza Beige, Entre Nous, French Mist, Copperblush.

We sincerely believe that these **PERMA-TIP** shoe laces are the best and best wearing that five cents can buy.

The **PERMA-TIP** feature is new, exclusive, and patented. The tips can't come off because they are not put on. The tips are baked in, and are actually a part of the lace itself, They are there to stay! They won't become shiny.

When you wear **PERMA-TIP** shoe laces you are freed from the annoyance caused by ordinary tips that loosen and fall off. It's the tip that counts!
